

ANTON, LUKA UND BENJAMIN

technical rider

General conditions:

Team:

3 actors

1 technician

1 manager (if necessary)

Shows:

Audience: max. 350 persons, frontal

Duration of the show: 45 minutes

The show may be programmed 2-3 times per day.

Break between performances: min. 2,5 hours

Setting up: 30 minutes

Dismantling: 15 minutes

The company can bring 1 sound system (2 active boxes and 1 sound mixer).

Performance space:

The performance venue is to be discussed and agreed upon with the company in advance.

Measures:

Min. 7m x 5m, for stage min. 8m x 6m

A dressing room should be close to the venue.

Outdoor:

For a better view, it is a good idea to organise carpets / seat cushions and benches / bleachers.

The venue must be protected from the wind.

The ground or surface of the venue must be flat and dry (no grass).

„Anton, Luka and Benjamin“ cannot be performed in the rain, (the masks are made of papier-mâché and the set is made of cardboard boxes). In rainy weather, the playing area must be covered with a tarpaulin so that it is dry for the performance.

Indoor:

Min. height 3m

Lighting plan in consultation and agreement with the Company.
